Twitter me this...

It had to happen sooner or later. Twitter is taking over the universe quickly and surely. It was only a matter of time it breached the television/online video space. You may thank the good folks at fwd for Twitmatic.

Read about it here on Wired.com: <http://www.wired.com/epicenter/2009/05/use-twitter-like-a-television-network/>

Do you tweet? What is your opinion RE: Twitmatic? Reply to this post and let us know. You know you want to...
